## FOREWORD

To The Trade:

We take pleasure in presenting our Contract and General Trade list for crop 1945.

The purpose of this catalog is to enable you to place contract orders now for crop 1945. By so doing you are protected against further price increase which may be necessary next Fall.

Under the present difficult conditions it would help us greatly to know of your possible requirements for crop 1945 ahead of planting time. This would enable us to plan our curtailed flower seed acreage to our mutual advantage.

To our many patrons we wish to take this opportunity to thank them for their fine support during the past season and will do our best to have you even better pleased in 1945.

## GENERAL CONDITIONS OF DELIVERY

For every order, we agree to plant sufficient land to produce the desired quantity of seed under normal conditions. Should the outcome of the crop be lower than our estimation, orders will be filled pro rata only. Crop failure or any other cause beyond our control releases us entirely from delivery.

We give no warranty, expressed or implied, as to the productiveness, of any seeds or bulbs we sell, and we will not be in any way responsible for the crop. Our liability in all instances, is limited to the purchase price of the seed.

## TERMS

All seeds are quoted f.o.b. Lompoc, California, for delivery after harvest of crop 1945, 60 days acceptance net, less 2% cash thirty days.

Quarter pounds and over at the pound rate.

All overdue accounts subject to sight draft without further notice. All invoices payable in U. S. Dollars.

Bags and containers will be charged at cost and are not returnable.

We reserve the right to change prices in this list at any time.
